Profile

Frontend Developer with hands-on experience building responsive and scalable web applications using React.js, Next.js, and modern UI libraries. Focused on crafting clean user interfaces, reusable components, and performance-optimized frontend architectures. Currently in the 4th year of Bachelor's in Electronics, Communication and Information Engineering with strong interest in modern web development and system design.

Education

IOE, Thapathali Engineering Campus, Tribhuvan University 2022 – Present
Bachelor of Electronics, Communication and Information Engineering

Little Buddha Academy, Mahendranagar, Kanchanpur
+2 in Computer Science

Shree Mahakali Secondary School, Belauri, Kanchanpur
SEE

Tech Stack: React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Redux Toolkit Query, MUI, HTML, CSS, Git

Projects

TabFlux [Demo](#) • [Code](#)

A scalable frontend platform built with Next.js and Tailwind CSS, focusing on modular UI components, responsive design, and efficient state management using Redux Toolkit Query.

Lexia [Demo](#) • [Code](#)

An interactive web application for IELTS preparation with dynamic UI rendering, form handling, and structured frontend architecture using Next.js.

Zingo [Demo](#) • [Code](#)

A real-time chat application with WebSocket integration, focusing on responsive UI design, component reusability, and smooth user experience.

TCIOE CMS [Demo](#) • [Code](#)

A content management system with role-based UI components, built using React and RTK Query, emphasizing maintainable frontend architecture and structured state handling.

Work Experience

Frontend Developer (Remote) Kayobadger May 2025 – Present

Working as a remote frontend developer contributing to the development of **TabFlux**, a scalable web platform focused on structured learning and academic-to-industry skill bridging.

[TabFlux Live](#) • [Source Code](#)

Teaching Experience

Conducted a structured two-month training program on Web Development and React.js fundamentals.

[React Course Repository](#)

Machine Learning Journey

Documenting structured progress in machine learning research and experimentation:
